

St. Joseph's Catholic Primary School

Sports Premium Funding Annual Statement: 2022 - 2023

Bishop Wilkinson
Catholic Education Trust
Through Christ, in Partnership

Introduction

In the academic year 2022-23 we received **£17, 200**. The money has been spent to fulfil the following grant conditions; additional money was invested by school to supplement our sports premium.

1. The engagement of all pupils in regular physical activity.
2. The profile of P.E. and sport raised across the school as a tool for whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching P.E. and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increasing participation in competitive sport.

Expenditure	Details	Sustainability	Impact and Evidence	Link to grant conditions	Cost
Show racism the red card	Children in year 3, 4 and 5 have had access to Show Racism the Red Card workshops. This has had a clear link to our equality and diversity mission which we have been promoting all year.	Children will have an understanding and awareness of racism and have also been told the correct ways to report it. As the school has a low BAME population this education is essential and equips the children with their transition to secondary school.	Children are up to date with current issues in sport and equality. For staff, it has also been an opportunity to see how to cover some of the more hard-hitting incidents with the children-they also have access to a wide range of resources such as websites and videos so they could teach it or cover it themselves in the future.	2 & 4	Free
The SSP Schools Sports Partnership SLA	The Durham and Chester-le-Street School Sport Partnership has created a calendar of events for local schools sign up to. Over the year there will be over 30 events planned events across all topics of the curriculum. We accessed 15 of these.	Pupils in EYFS developing early skills which will have an impact on their future engagement in sport. Teaching and non-teaching staff have been upskilled in curriculum and lunchtime activities.	Whole school has accessed expert coaching within the curriculum and after school. Covering a wide variety of sports including, football, rugby, athletics, OAA, cricket, netball and tennis. Class teachers work alongside expert coaches and use	1, 2, 3, 4 & 5	£8, 800

	As well as the events, we will also receive curriculum and assessment support, a 6 week out of hours cub, sports leaders training, bus tokens and a sporting fundraiser to help us fund our extra-curricular trips e.g. outdoor learning trips.		<p>their planning and guidance to plan their own sessions.</p> <p>Pupils understand what it means by the term 'healthy living' and understand the different choices they can make to their lifestyle.</p> <p>A higher proportion of pupils achieving age related expectation.</p>		
New sports equipment	Investment will be made in updating, replenishing and revamping the sports equipment and kit that we have in school. A variation of sporting activities will be taken into account when making these purchases. This will include all essential PE equipment such as bibs, balls and cones.	<p>The quality of kit will be looked at on a year-by-year basis.</p> <p>PE essentials (e.g. bibs, balls, cones etc) will be replaced every 1-2 years.</p>	<p>Increased numbers of pupils accessing competitive sports in school and joining teams or signing up for events which allow them to represent the school.</p> <p>Safety ensured in P.E. lessons due to equipment being in correct working order.</p> <p>Duration of P.E. lessons being active increased per pupil due to extra equipment being available.</p>	4	£800
Sports Week	We organised and delivered a sports-themed week for the whole school to give increased opportunities for participation, inclusivity and variety where children learned about how to live healthily and understand the physical and mental benefits of exercise. One main focus will be resourcing and engaging pupils in as many minority sports as possible and throughout the week the children competed as part of house teams building up points towards their grand total. This culminated in a traditional Sports Day event in school at the end of the week.	We have created links with local sports clubs, who can deliver these activities in the future. This will also engage pupils inside and outside of schools with pupils accessing those sport clubs.	<p>Engagement of the whole school in a wide variety of sports, targeted at those least active children in school.</p> <p>Increased participation in non-mainstream sports, which encourages children to try different sports.</p> <p>High quality SEND provision supported the development of SENCO and P.E. staff. Pupils given the opportunity to participate in sports in which they could achieve a real sense of pride.</p>	1, 2, 3, 4 & 5	£2, 500

			New links created with local clubs allows pupils to access out of school sport. A reported higher proportion of pupils accessing the Active 60 outside of the school day.		
Subsidise transport to events	Subsidise transport costs for children to attend 30 plus sporting events across the year.	The success has seen money ringfenced from the main budget to allow access for all children to a variety of competitive sport next academic year.	To allow us to take more children to events so they can have the opportunity to represent the school. To allow the school to enter as many events as possible across the year with no boundaries. Families with limited transport options have the ability to participate in sporting activity.	5	£500
P.E. Kits for all children	Each child was given an embroidered school hoody to use during P.E. lessons. This has standardised the P.E. uniform for lessons and enhanced the school image when representing the school at external competitions, leading to more children wanting to be part of the competitive offer the school provides.	As St. Joseph's is from a area of deprivation the school will look to fund this centrally for all children moving forward.	Less pupils have missed out on P.E. lessons due to incorrect or no kits. Pupils no longer feel peer pressure of having latest sporting kits and less time has been spent dealing with those who flout uniform policy in P.E. lessons. Participation and enjoyment of events has increased. The children show a greater sense of pride and belonging, especially when attending external competitions and representing the school.	1 & 5	£1, 600

<p>Specialist coaches for after school clubs</p>	<p>A free of charge afterschool club will be provided every evening to the children, called the 'ARC'. Due to the school being in an area of high deprivation, not all children can financially access different sporting clubs.</p> <p>Additional funding to support movement programme and engagement for targeted pupils.</p>	<p>We have created links with local sports clubs, who can deliver these activities in the future.</p>	<p>Attendance was not as high as expected. The children that did attend thoroughly enjoyed the sessions.</p>	<p>1 & 4</p>	<p>£2, 000</p> <p>£600</p>
<p>Subject Lead training</p>	<p>The P.E. subject lead will continue their professional development in the P.E. role by attending subject leadership courses across the year. The P.E. lead will also attend training courses provided by the local authority to upskill their knowledge and share with members of staff in school and our specialist coach. This cost will also include any cover/supply costs we incur during the year. The courses they will attend will vary and cover all topics of the curriculum to ensure best practice back in school.</p>	<p>The dedicated leadership release time will continue into the next academic year. The leader now has a baseline to plan and evaluate a staff CPD programme.</p>	<p>High quality end of year assessment reports given to parents.</p> <p>Swimming data is accurate and published on the end of year annual statement.</p> <p>Staff have accessed a high quality CPD programme and questionnaires' reflect improved confidence in the teaching of P.E.</p>	<p>3</p>	<p>£400</p>
<p>Total Cost</p>				<p>£17, 200</p>	

Year 6 Swimming Data (2022 – 2023)

<p>What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?</p>	<p>69%</p>
<p>What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, back stroke and breaststroke]?</p>	<p>63%</p>
<p>What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?</p>	<p>63%</p>
<p>Schools can choose to use the Primary PE and sport premium to provide additional provision for swimming, but this must be for activity over and above the national curriculum requirements. Have you used it in this way?</p>	<p>No</p>
